## Week's Reflections

In this thought-provoking **article**, Yonasan Rosenblum contrasts the aims of secular and Torah education, arguing that the true measure of education is not the accumulation of knowledge, but the cultivation of a lifelong sense of purpose, curiosity, responsibility, and connection to something greater than oneself.

**Can a handful of learners change the atmosphere of an entire community?** **This** article shows how a summer kollel can do exactly that. We are looking forward to welcoming our own summer kollel in less than two weeks.

**This article is a must-read.** Its powerful and heartbreaking story of mechilah reminds us of the extraordinary impact of forgiveness, and challenges each of us to heal strained relationships, let go of machlokes.
